

# LOOKING AT A CAREER IN ELECTRICAL?

**AGA provides students the fundamental skills they need to start their trade career!**

## CERTIFICATE II IN ELECTROTECHNOLOGY (CAREER START)

- ★ **COURSE TYPE:** VETiS
- 🔍 **COURSE CODE:** UEE22011
- 🕒 **NOMINAL HOURS:** 380
- 📅 **DURATION:** 2 years part time whilst at school

### Course Description

**Certificate II in Electrotechnology (Career Start) provides entry level training for people wanting a career in the Electrotechnology industry. The aim of the course is to provide participants with the required prerequisite knowledge and skills to gain access to a wide range of apprenticeships in the industry.**

In particular, this course provide training in basic electrical theory, electrical workshop practices, wiring and basic installation skills, the use of hand and power tools and an overview of the Electrotechnology industry and the range of occupations within it.

### Opportunities

Apprentices who take up this trade can work in commercial, domestic and industrial sites when qualified.

This is a popular trade and has many opportunities when it comes to building and construction industry. Salary and employment prospects are excellent and there is always the possibility to run and operate a business one day.

### Entry requirements

It is recommended that the participants have basic communication, literacy, numeracy skills that are sufficiently well developed for them to participate in the training. In order to apply, students need to be currently completing VCE or VCAL.

### Recognition of Prior Learning (RPL) and Credit Transfer

If you have skills or knowledge gained through previous study or relevant experience, you may be eligible for Recognition of Prior Learning and/or Credit Transfer which reduces the amount of training needed to complete the course. These will be discussed with you during your pre-training review.

## Course Content Hours

<b>UEENEEE101A</b>	Apply Occupational Health and Safety regulations, codes and practices in the workplace	20
<b>HLTAID001</b>	Provide cardiopulmonary resuscitation	4
<b>CPCCOHS1001A</b>	Work safely in the construction industry	6
<b>UEENEEKI42A</b>	Apply environmentally and sustainable procedures in the energy sector	20
<b>UEENEEE104A</b>	Solve problems in d.c. circuits	80
<b>UEENEEE102A</b>	Fabricate, assemble and dismantle utilities industry components	40
<b>UEENEEE105A</b>	Fix and secure electrotechnology equipment	20
<b>UEENEEE148A</b>	Carry out routine work activities in an energy sector environment	40
<b>UEENEEE141A</b>	Use of routine equipment/plant/technologies in an energy sector environment	60
<b>UEENEEOC010B</b>	Deliver a service to customers	20
<b>UEENEEOC001B</b>	Maintain documentation	20
<b>UEENEEE179A</b>	Identify and select components, accessories and materials for energy sector work activities	20
<b>UEENEEO024A</b>	Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply	20

AGA is a not-for-profit Group Training organisation (GTO) and Registered Training Organisation (RTO) that provides employment, placement, trade training and support services to apprentices, trainees, students and businesses. During your apprenticeship you will be assigned a dedicated Field Officer to support you. Field Officers are known for their trade experience and extensive exposure across a wide range of industries.

AGA's training centres have highly qualified Instructors who are industry professionals and experienced mentors. Students at AGA receive the practical experience with some of Australia's finest tradespeople.
